

Interim HOS e-blast

Sent out on the blue sheets nationwide on 11/17/17

I am very pleased to tell you of an opportunity for an Interim Headship for the 2018-2019 school year at Alexandria Country Day School, located in central Louisiana. ACDS enrolls approximately 400 students in grades PreK3-8 and offers excellent facilities. It is the only independent school in Alexandria.

The major role of the interim head will be to assist in the further bridging of the school to a greater understanding of a strong culture in an independent school. The ideal candidate would be an experienced school head who can work with the administration, faculty, parents, and the board of trustees in creating an enhanced image in the community. Knowledge of finance, marketing, and admissions is a plus for this interim position. In addition, assessment of the administrative and financial structure of the school will be led by the interim head.

Alexandria, a town of approximately 50,000 inhabitants in the metropolitan area and another 150,000 in the surrounding towns, is a friendly and welcoming community located in a historic setting. A position statement will be available soon, and the school website www.acdsonline.org is a good source of information.

Please forward this opportunity to potential candidates or if it interests you, send an electronic cover letter, resume or CV and a statement of educational philosophy to Linda M. Gibbs, Resource Group 175 search consultant, at gibbslm@gmail.com as soon as possible.
